Employment and Residence

A confidential informant who has furnished reliable information in the past advised on April 21, 1975, that William Luther Pierce continues to be Executive Director of the National Alliance (NA) and the National Youth Alliance (NYA) and chief architect of NA/NYA policies and activities. According to the source, Pierce has an office at NA/NYA Headquarters, 703 South 23rd Road, Arlington, Virginia.

The NA/NYA is characterized in the Appendix to this communication.

Activities

A second confidential informant who has furnished reliable information in the past advised on February 13, 1975, that NA/NYA has no real internal organization, since Pierce completely controls the operation and delegates little authority and responsibility to others. The source said that Pierce personally handles all telephone calls, correspondence and financial records and maintains the organization's mailing list in his personal possession. The NA/NYA staff perform some menial administrative tasks at headquarters and make some contributions to NA/NYA publications; however, the primary responsibility given employees by Pierce is the distribution and sale of the NA/NYA tabloid newspaper, "Attack".

The source last mentioned above indicated that Pierce's organizational strategy appears to be to enlarge the NA/NYA in the Washington, D.C. area in order to increase membership and financial contributions and that he has no real interest in expanding into other areas of the country at this time. The series of public meetings sponsored by NA/NYA in the local area seems to be an attempt to attract new members and supporters, pursuant to this strategy. No large rallies or public demonstrations sponsored by NA/NYA are contemplated, since Pierce does not feel that the Alliance has adequate manpower to successfully stage an effective protest.

The second confidential informant mentioned above noted that a recent leaflet issued by NA/NYA purposely conveyed a militant tone in order to evaluate public acceptance. He said that a negative response to the strong language used in this publication led Pierce to discontinue publishing material of a "revolutionary" nature.

WILLIAM LUTHER PIERCE

On January 8, 1975, February 3, 1975, and March 3, 1975, the first confidential informant referred to previously herein advised that Pierce participated as a speaker in public meetings sponsored by NA/NYA, which were held on January 7, 1975, February 2, 1975, and March 2, 1975, respectively. This source disclosed on April 21, 1975, that he believed the program of public meetings begun by NA/NYA had been discontinued for the present time because of disappointing attendance and financial considerations. Reportedly, the meeting on March 2, 1975, resulted in a substantial financial loss.

The above source advised on February 24, 1975, that Pierce led a group of seven individuals representing the NA/NYA in picketing the Justice Building, Washington, D.C., on that date as a protest to the appointment of Edward H. Levi as Attorney General of the United States. Reportedly, the NA/NYA demonstration was for the purpose of publicizing Levi's alleged communist and Zionist connections and gaining nation-wide press coverage for NA/NYA.

The first confidential informant mentioned above advised on April 21, 1975, that Pierce and NA/NYA apparently were experiencing financial difficulties. The source indicated that [redacted] b7C b7D

Miscellaneous

On March 3, 1975, Pierce made a complaint to agents of the Federal Bureau of Investigation, Alexandria, Virginia, concerning a threatening note he had received in the mail written on a copy of "Attack" newspaper. This newspaper was delivered in a manila envelope addressed to "Gral W. Pierce, National Alliance Against Blacks, Box 3535, Washington, D.C. 20007." The note was written on the newspaper with red magic marker and stated: "We are coming after you and your family;" "we are watching you everywhere;" and "Garbage is bastards with complex of inferiority without family life, poor pigs."

WILLIAM LUTHER PIERCE

On March 3, 1975, Assistant United States Attorney Thomas Berger, Alexandria, Virginia, after reviewing the above facts, stated that they constituted insufficient grounds for prosecution at this time. He stated that if Pierce should receive further threats, he would reconsider prosecutive action.

NATIONAL ALLIANCE/NATIONAL YOUTH ALLIANCE (NA/NYA)

Synopsis: PIERCE is Executive Director of the NA/NYA located at 703 S. 23rd Street, Arlington, Va., and resides at 1703 Williams Street, Fredericksburg, Va. In April, 1974, PIERCE incorporated the NA in the State of Virginia and established the NYA as the youth arm of the parent organization. PIERCE completely dominates NA/NYA in that he writes all material for the tabloid newspaper, "Attack!" and the internal bulletin, "Action;" maintains and handles all financial records; answers all correspondence; makes all public speaking appearances; and personally handles all telephone calls. PIERCE has published articles in "Attack!" calling for U.S. soldiers to disobey orders and for private citizens to hide and conceal their personal weapons. PIERCE has stated in "Action" that the tabloid newspaper "Attack!" will remain a revolutionary newspaper and that current American problems can only be solved by revolution. During October, 1973, PIERCE brought suit to stop U.S. Secretary of Defense from continuing shipments of arms to Israel, but suit was dismissed. PIERCE SHOULD BE CONSIDERED POSSIBLY ARMED AND DANGEROUS.

> "First, the System will not allow itself to be overturned without an all-out, no-holds-barred fight. Thus, patriots must begin preparing themselves now for the day when they will be called upon to back up their ideas with their guns.
>
> "Second, the problems currently facing America--and, on a larger scale, the White race--have very deep roots and cannot be solved by superficial changes, such as a new man in the White House or a few new laws. What is required is a solution which goes to the roots of the problems and makes profound changes in attitudes and lifestyles, in demographics, in educational philosophy, in economic and governmental structures--in other words, a revolutionary solution."

NATIONAL ALLIANCE/NATIONAL
YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The February, 1974 (Number 25), issue of "Attack!", the tabloid newspaper published by NYA, announced the formation of a new organization called the National Alliance (NA). The new organization was described in "Attack!" as a "superstructure for an anticipated array of specialized, coordinate groups," of which NYA will continue as the youth group for individuals 30 years of age and under. Persons over 30 years of age wishing to join the "movement" must become members of the new organization According to "Attack!", * * * * the National Alliance will remain generalized in its appeal and its membershup and will guide and direct all the special interest groups * * *."

Top "Civil Rights" Boss Hates Whites

J. (for John) Stanley Pottinger keeps a low profile. Most people have never heard of him. Yet, as assistant attorney general in charge of the Justice Department's Civil Rights Division, he wields enormous power over the lives of all Americans. He uses that power cunningly and viciously in a program aimed at nothing less than the destruction of the White race.

efforts have been in connection with the enforcement of school-busing edicts in various communities, such as Boston and Louisville. When White resistance to Federal Judge Arthur Garrity's busing orders flared in Boston a few weeks ago, Pottinger hastened there with a small army of U.S. marshals to bully unhappy White Bostonians back into line.

He has been enthusiastically performing similar chores for the past six and one-half years, first for the Department of Health, Education, and Welfare, and then, since February 1973, for the Department of Justice. [illegible] he has the overall responsibility for enforcing all the Federal laws and Federal court orders promoting racial mixing and special rights for racial minorities.

Most of the politicians, bureaucrats, publicists, and Federal judges who have been so eagerly collaborating with the anti-American forces now so drastically changing our land are simply prostitutes. They act as they do out of self-interest and utter lack of principle. They are men who always swim with the tide, no matter in which direction it flows.

But a few are true believers. They have consciously devoted their lives to their satanic work. Looking at Pottinger's career, both in government and out, we can only conclude that he is one of these. He is a truly evil person.

Furthermore, he is a truly dangerous person, because of his extraordinary position in the Federal power structure. There have been four different at-

What It's All About

A lot of people take the attitude that, well, sure, the country's got problems, but what can I do about it? I might as well mind my own business and get along the best I can.

In the National Alliance we look at it a little differently. We think there is something we can do.

We believe that we understand what's causing America's problems. We can see a few common factors which are at the root of all the trouble.

If we can get at those factors and change them, we can make a big difference. We can build a better America.

One of these factors -- and it's a big one -- is that most White Americans have lost their feeling of identity.

Another way of saying this is that they think of themselves merely as individuals, nothing more. They aren't a part of anything bigger than themselves.

Their purpose in life doesn't go much beyond looking out for Number One: providing for their own welfare and recreation. If they're married, they probably include the other members of the family in their purpose, but that's about it.

They have no roots in the past and no responsibility to the future. A psychologist would say they are "alienated."

This is a bad state of affairs. It results in unhappy people and a sick society.

And it's dangerous. People who have no sense of identity or solidarity are easy prey for other groups of people who know who they are and what they want.

That's why we've lost control of our news media, for example. That's why tiny Israel can dictate America's foreign policy and cause oil boycotts against us.

It's why White kids are getting knocked around so much by black kids in our schools. And it's why terrorist gangs are on the rise, killing White people in the streets, kidnapping, raping, and generally showing us that they have no fear and no respect for us.

[illegible] in the habit of

many have turned to drugs and other "escapes" from a life that is largely meaningless.

The way to begin curing all these problems is to give White Americans a strong sense of identity. That's part of what we in the National Alliance and its youth arm, the National Youth Alliance, are trying to do.

We're teaching Americans to look at life in a new way: Each White person is not only an individual, but he is also a member of his racial community -- a community with roots in the most distant past and with a destiny in the unlimited future.

The individual should regard himself as a vital link in the chain of generations connecting his race's great past with its glorious future. He should think not only of his own welfare and security but also of the welfare and security of his race.

He should understand that, if America is to survive and prosper, the people who built the country -- the great, White majority -- must once again become masters in their own house, and that this can only happen if they put the interests of the race and the nation ahead of personal interests.

This educational task, which is carried out in part by ATTACK! and by the books we distribute, is only part of what we are doing. The bigger task is to build a new community of all those who share our faith and our concern for the future.

We teach, and we organize those whom we have taught into a coherent force for reaching out to others. Thus, we grow, and our strength and capabilities grow.

Eventually, our community will be large enought to exert a substantial influence on the affairs of the larger, national community. Already, in certain cases where we had a lot of leverage, we've been able to make our efforts felt on a national scale.

So our main task for now is to grow -- just continue growing and becoming stronger as fast as we can. And the way we do that is

torneys general (Kleindienst, Richardson, Saxbe, and Levi) during the time Pottinger has headed the Civil-Rights Division. While his nominal superiors have come and gone, more preoccupied with politics and their public images than with the detailed duties and responsibilities of their offices, Pottinger has thoroughly entrenched himself and learned how to manipulate the power at his disposal.

And manipulate he does. He burns the midnight oil in his feverish crusade against the White race. He boasts that the Justice Department has prosecuted more Whites for opposition to racial mixing during his tenure than in any previous three-year period in history.

Earlier, while he headed HEW's Office for Civil Rights, he went from one Southern school to another, tirelessly searching for opportunities to increase the degree of racial mixing of school children. Then his principal weapon was the threat to cut off Federal funds to foot-dragging school districts. Now he can threaten individuals with FBI harassment and criminal prosecution.

Nor has school integration been Pottinger's only concern. He played a major role in the unsuccessful prosecution of the Ohio National Guardsmen who shot three Jewish Viet Cong supporters to death at Kent State University in May 1970. And he has also been active in encouraging both Indians and Chicano farm workers to assert themselves against the White majority.

Even before he became a Federal official, Pottinger was active in anti-White causes. From the time he received his law degree from Harvard in 1965, he has devoted his legal skills almost exclusively to the same, diabolical campaign.

We do not know what twisted, inner hatreds drive J. Stanley Pottinger, but we do know that his continued existence fouls our land and threatens our race.

Who's Behind Busing?

No policy of the Federal government is less popular than the forced racial busing of schoolchildren. Among White, Gentile Americans it is favored only by a few wealthy liberals with twisted, unrealistic ideas about enforcing "equality" on "the masses." These limousine liberals, of course, send their own children to safe, private schools. Even those Blacks who have a sense of racial pride and want their own children to be taught by Black teachers in Black classrooms are opposed to busing. Yet the Federal government continues to ram busing down the throats of Americans.

Who is behind this tyrannical, divisive policy?

Who has decided that police-state tactics as brutal as any in the Soviet Union shall be used to force White parents to abandon the neighborhood schools they have built with their own taxes and send their children miles away into hostile, dangerous, minority-dominated blackboard jungles? Who has ordered that White schoolgirls shall be hurried into Black schools at bayonet point by armed troops? Who stands to gain from a policy of forced racial mixing of Black and White children which destroys the solidarity of both their communities and paves the way for a rootless, helpless, easily dominated mulatto America in the future?

Busing is dangerous and destructive, as well as un-American.

The argument used by the minority which supports busing is that the mixing of Black and White schoolchildren will raise the educational level and improve the life-style of Blacks. This has not been the case. Instead of Blacks being uplifted by the experience, Whites have been pulled down. Among Whites the incidence of juvenile delinquency, of venereal disease, of heroin addiction, and of pregnancies in young schoolgirls has soared. White children bused to Black schools are shaken down for their lunch money, sexually abused, threatened, beaten, and terrorized. All too often they end up adopting the moral standards and habits of their Black classmates. Furthermore, nationwide tests have shown, year after year, that White students learn less in such a disruptive and hostile environment.

Isn't it about time that White Americans found out who is behind forced busing and dealt with them as they deserve?

The organization's publication, 'The Crusader' describes the KKKK as a movement of men who are creating an organization which has the strength to stop the decay and decline of our communities and white Christian culture. It is based on the principles which made the white race and America great and which will lead them to greatness again.
